## Mission Statement

**Vision:** All Nevadans ready for success in a global 21st Century.

**Mission:** To improve student achievement and educator effectiveness by ensuring opportunities, facilitating learning, and promoting excellence.

## Superintendent's Highlights

- For the first time since taking the ACT became a high school graduation requirement four years ago, Nevada's average composite scores rose in math, reading, and English reflecting an increase in our combined score from 17.4 last year to 17.5 in 2018 and the College Ready benchmark increased one point from last year to 11 percent.

- All Nevada third through eighth grades improved their Smarter Balanced math assessment results from last year. Carson, Churchill, Clark, Elko, and Washoe County School Districts demonstrated the most growth in math. The increase in eighth grade math performance is partly attributed to the change in status of the End of Course exams that were taken by many middle schoolers. All grade levels except seventh grade showed an increase in performance on ELA results. Most districts saw improvement in their ELA scores as well with Churchill and Elko showing significant increases in performance over last year. Final complete Smarter Balanced data will be available with the update of NevadaReportCard.com on September 14.

- Nevada eighth grade students showed a 5.4 percentage point improvement on the 2017-18 science assessment over last year. Washoe County middle schools lead the state in 2017-18 science performance at 47.6 percent proficiency. This rate represents a 5 percentage point increase over the prior year. Eureka County high schools lead the state in high performance in 2017-18 as well as leading in improvement over their 2016-17 performance at 81.9 percent proficient. This rate represents a 21.9 percentage point increase over last year for this small group of students.

- While chronic absenteeism – schools with students missing 10 percent or more of class - in Nevada is at nearly 20 percent, 105 schools in the state lowered their rate by at least 10 percent during the 2017-2018 school year.

- Nevada high schools posted their highest graduation rate ever at 80.85 percent for the Class of 2017 – an increase of seven percentage points. Nevada's two largest school districts both outpaced the rest of the state with healthy gains. The Clark County School District graduated 83.22 percent – an increase of 8.34 points. The Washoe County School District graduated 84.02 percent – an increase of 7.38 points.

## Goals and Objectives

Goal 1 - All students are proficient in reading by the end of 3rd grade.

Goal 2 - All students enter high school with the skills necessary to succeed.

Goal 3 - All students graduate college and career ready.

Goal 4 - All students served by effective educators.

Goal 5 - Efficient and effective use of public funds to achieve the highest return on educational investment.

Goal 6 - All students learn in an environment that is physically, emotionally, and intellectually safe.

## Demographics and Student Information

Data are provided by the Nevada Department of Education from the state student information system. Gender, race/ethnicity, and special student populations are reported as of count day.

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

'\*\*' indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

\*\*\* indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)  
Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

'-' Indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

'\*\*' indicates that the data was not available.

Data in grade 9-12 excludes pupils:

who successfully completed HSE assessment,

who are enrolled in approved courses for an adult standard diploma,

withdrew from school to attend another school.

Data is not displayed for a group where enrollment information is missing.

Negative value indicates rate cannot be calculated due to zero enrollment.

**Nevada System of Higher Education (NSHE) (Fall 2017)**

Students enrolled in remedial courses within the Nevada System of Higher Education (NSHE) do not reflect all graduates. Some graduates do not attend college or they attend college out of state.

'-' indicates data not presented for groups fewer than 10.

'N/A' indicates that this population was not present.

\*\*\* indicates that the data was not available.

For further explanation on cohort graduation indicators and other terminology, please see the glossary section.

Cohort Graduation Rate is lagging data, which means that for 2012-2013 Report Card, data from 2011-2012 school year (class of 2012) is being reflected. Likewise, in the 2011-2012 Report Card, data from 2010-2011 (class of 2011) school year is reflected.

### Fiscal Information

#### Per-Pupil Expenditures 2016-2017

The Nevada Department of Education in consultation with In\$ite adjusted the formula used to calculate per pupil expenditures beginning with the 2009-2010 Annual Reports of Accountability. Therefore, we have two appropriate comparisons sets; comparisons 2003-04 SY through 2008-09 SY and comparisons of 2009-10 SY and forward.

## Summary of Standards-Based Test Performance

Nevada uses CRT (Criterion Referenced Test with the new NV Standards, also known as the Smarter Balanced) to measure student achievement relative to Nevada's academic standards. For grade specific assessment results and other assessment information, refer to [www.nevadareportcard.com](http://www.nevadareportcard.com).

- ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)
- AS = Percentage of students performing in the "Approaches Standards" range of achievement
- MS = Percentage of students performing in the "Meets Standards" range of achievement
- ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

Level 1 = The student has not met the achievement standard and needs substantial improvement to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 2 = The student has nearly met the achievement standard and may require further development to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 3 = The student has met the achievement standard and demonstrates progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 4 = The student has exceeded the achievement standard and demonstrates advanced progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
